## PRESIDENT'S INVITATION

On behalf of our Board of Directors, I would like to invite you to attend the 65th Annual Meeting of the Pacific Dermatologic Association (PDA), to be held August 14-18, 2013 at the The Palace Hotel in beautiful San Francisco, CA. Our Program Chairs, Latanya Benjamin, MD and Siegrid Yu, MD, have assembled an outstanding program with both practical and cutting-edge presentations on a full range of medical and surgical dermatological topics. Bruce Ragsdale, MD, Clinicopathologic Conference (CPC) Chair, has secured Philip LeBoit, MD, from the University of California, San Francisco to serve as the guest dermatopathologist for 2013. One of the most popular and unique sessions at the PDA's Annual Meeting, the CPC will feature the presentation and discussion of the clinical and histopathological correlations of interesting dermatology cases.

We are also featuring a Cutaneous Oncology Session and Pediatric Dermatology Symposium. As with all PDA meetings, there will be ample time to enjoy the extracurricular activities of beautiful San Francisco, including a golf and tennis tournament as well as a scenic President's Dinner. We encourage the participation of "up and coming" young dermatologists at this meeting — remember that dermatology residents can attend for free! In addition, our Resident Case Symposium ensures that the best and the brightest residents have the opportunity to present quality case studies. We encourage you to bring your families to enjoy San Francisco and all it has to offer. Please make your plans to join us for what promises to be a great meeting.

# CALL FOR CASES & AWARD SUBMISSIONS

Attendees are invited to submit case summaries and abstracts for review and selection to be presented during PDA's 65th Annual Meeting. The three (3) categories offer a way for residents and young dermatologists — as well as established practitioners — to directly participate in the meeting program.

## NICKEL/WINER CLINICOPATHOLOGIC CONFERENCE (CPC)

One of the most popular sessions offered at each PDA meeting, the CPC will feature the presentation and discussion of the clinical and histopathological correlations of interesting and cutting-edge dermatology cases. The PDA is looking for high-quality cases to be an integral part of the CPC. As an extra added incentive to submit your case in 2013, the PDA will provide a \$250 prize for the Best CPC Case. We welcome submissions from members and non-members alike, whether you can attend or not.

## VICTOR D. NEWCOMER AWARD

The Victor D. Newcomer Award is open to physicians currently enrolled in a graduated dermatologic training program or physicians that have completed their training less than 5 years ago. Any clinical research, basic science research or clinically focused review may be submitted for consideration for this award. The author of the winning entry will receive a cash prize of \$500 in addition to reimbursement of travel and hotel expenses (overall, a \$1,500 package) to give a 15 minute presentation at PDA 2013.

## RESIDENT CASE SYMPOSIUM

Twelve (12) cases will be selected for the Resident Case Symposium at PDA 2013. Submitted cases should have good teaching value and good clinical slides. The presentation itself should be no more than six minutes in duration and should allow time for one to two questions. Reimbursement for hotel accommodations and travel expenses with a comprehensive maximum of \$500 will be given to residents who are selected.

**Submission deadline: June 26, 2013. For more information on these categories, please visit [www.pacificderm.org](http://www.pacificderm.org).**
